

# Summer program 2010

at Morningside Montessori School

cooking

science

arts & crafts

music

sprinklers

soccer

yoga

field trips

instructional  
swim

Our Summer Program promises a fun-filled summer for children ages 2-½ to 5. Our day begins on our spacious rooftop playground, where children are free to play on the open space, try out our climbers and ride our tricycles. As the day progresses, children may choose from a variety of fun and creative activities that include arts & crafts, science and movement.

For ages 3-½ to 5, we also offer the option to attend an instructional swim program offered by “Swim Jim” Children will swim twice a week in the pool at Columbus Square located on Columbus and 99th Street. (There is an additional fee for this program as noted on the application.) For those who choose to stay at school, sprinklers will be available on our rooftop playground, in the early afternoon, to cool off our busy bodies.

Our program takes place in Morningside Montessori School’s sun-filled, air conditioned classrooms. Our staff is made up of experienced teachers and young adults who return year after year to work with our children. (For MMS alumni, we offer a CIT program for ages 12 and up.)

Toward the end of each session, children in our **Basic Program** (*not the Pee Wees; Pee Wees don’t leave the building*) will visit exciting neighborhood spots. Past trips have included NatureMax movies, shows at the Marionette Theater, visits to the Museum of Natural History, the Children’s Museum of Manhattan and the Central Park Zoo.

About our **Pee Wee Program**: this is a small, contained group of young children between the ages of 2-½ and 3-½. This group does almost all of the activities that the Basic Program does (cooking, science, arts & crafts, music, sprinklers, soccer, yoga & in-house trips), but it does so without ever leaving our premises.

**Please note:** The ages for the Pee Wee Program are 2-½ to 3-½. The ages for the Basic/Extended Day Program are 3 to 5. This means that ages 3 to 3-½ could be either in Pee Wees or in the Basic Program. If a child is better off in a small, contained group with few transitions, that child should be in Pee Wees. If a child can handle a larger group with many transitions, that child could go into the Basic Program. (For the Basic Program, children need to be toilet trained but not for the Pee Wee Program.)

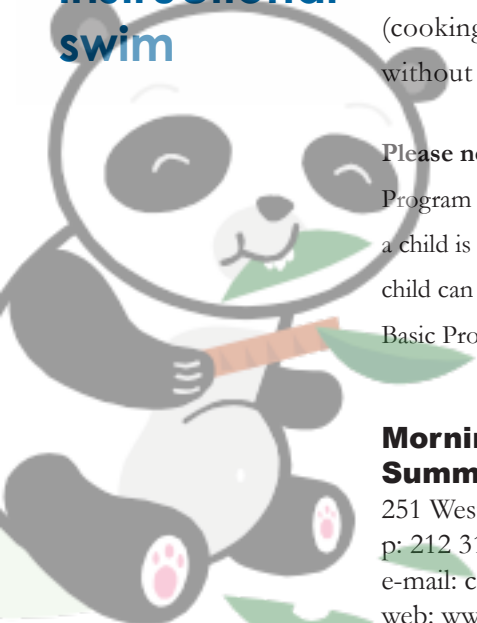

## Morningside Montessori School Summer Program

251 West 100th Street, New York City 10025
